

PressureLite

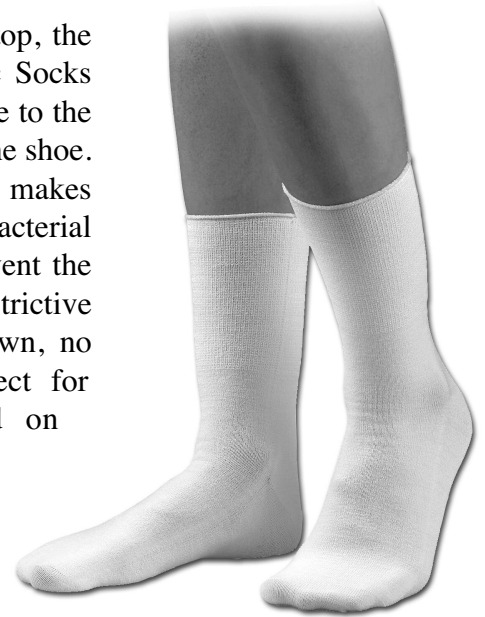

LIGHT ENERGIZING DIABETIC SOCKS

**Crew Length
Model No: H61**

**Calf Length
Model No: H62**

**Sizes: Small - XLarge
Colors: White, Black**

Spun from the toe and circling to the top, the Pressurelite® Light Energizing Diabetic Socks are completely seamless so they fit close to the skin without wrinkling or bunching in the shoe. The four-way stretch of the material makes these socks smooth and soft. The anti-bacterial fibers wick moisture away to help prevent the growth of fungus and bacterial. Non-restrictive top keeps the socks from slipping down, no matter what size or shape leg. Perfect for people with Diabetes. Design based on research and fully tested.

FEATURES:

- Completely seamless
- Ultra thin and smooth
- No wrinkling or bunching
- Non-binding top
- Four-way stretch for energizing support
- Constructed with antibacterial fibers
- Breathable and moisture-absorbing
- No toe seam

CARE INSTRUCTIONS:

Machine wash in warm water. Tumble dry low. Do not bleach.
